

### **AL0013-3**

#### **CHISEL INSTALLATION STICK**

Dimension: 182x17mm

Color: Orange

Material: ABS

Packaging: Bulk with poly bag

---

### **AL0013-4**

#### **CHISEL INSTALLATION STICK**

Dimension: 182x17mm

Color: Orange

Material: ABS

Packaging: Bulk with poly bag

---

### **AL0022-12U/ AL0022-17U**

#### **WINGED SCRAPER BLADE**

Size: 12mm/17mm

Thickness: 0.8mm

Length: 42.6mmL

Material: 420 Stainless steel

Hardness: 50-54 HRC

Packaging: bulk with poly bag

### **AL0051-225B**

#### **WINDSCREEN CUTTING WIRES(WHITE)**

For cutting through the urethane bond in order to remove the windscreen from the vehicle

Length: 22.5M/50M

Color: White

Wire type: Braided type

Packaging: Bulk with poly bag

---

### **AL0052-E**

#### **GLASS SHEATH BLADE**

Multi-purpose blade for auto glass

Length: 250mm (10").

Blade width: 1.5"

Thickness: 1.1mm.

Material: stainless 420.

Packaging: sliding card.

---

### **AL0052-F**

#### **GLASS SHEATH BLADE**

Multi-purpose blade for auto glass

Length: 310mm (12").

Blade width: 1.5"

Thickness: 1.1mm.

Material: stainless 420.

Packaging: sliding card.

## **AL0502**

### **140MML MINI HOOK**

Double-curved tip design can easier pick up the release cord from the body fold.

Length: 140mmL

Material:

Blade: Stainless Steel

Handle: Acetate

Packaging: Bulk with poly bag

---

## **AL0503**

### **FORGED END GLASS MINI PRY BAR TOOL**

For glass fitting, removing broken toughened glass from rubbers.

An aid for the insertion of locking strips into rubber gaskets

Length: 4"

Material:

Blade: Alloy Steel

Handle: PP with TPR

Packaging: Bulk with poly bag

---

## **AL0504**

### **CLIP REMOVAL TOOL FOR HONDA**

For using on remove step clips on most Honda vehicles.

Material:

Blade: Alloy Steel

Handle: PVC

Packaging: Bulk with poly bag

## **AL0505**

### **REAR VIEW MIRROR REMOVAL TOOL**

For removing rear view mirror of Ford vehicles built after 2004.

Material: High-impact plastic

Packaging: Sliding Card

## **AL0506**

### **GM MIRROR BRACKET WRENCH**

For mirrors held on by spring clip.

Material: Carbon steel with coating handle

Packaging: sliding card.

## **AL0507**

### **CAR EMBLEM REMOVAL TOOL**

For removing vehicles logo emblem without damage the surfaces or logo.

Contents:

1set Grip handles

1PC cutting wire

1PC trim tool

Packaging: Blow Mold Case
